

# “Central European Excellence for Research in Materials and Life Science”

04 March 2019, Altaussee - Austria

*Dear student,*

*We are happy to invite you to attend the 2<sup>nd</sup> edition of the CERIC Satellite Event at the NESY Winterschool & Symposium 2019.*

*During the session, you will be introduced to CERIC-ERIC' open access to some of the best large-scale research facilities in Central and Eastern Europe. The first part of the meeting will also give you the opportunity to strengthen your knowledge and skills on how to write a successful research proposal.*

*The second part of the meeting will be more technical and through it, researchers from CERIC's Croatian, Romanian and Slovenian Partner Facilities will introduce you to each facility. You will learn about some of the techniques available through CERIC and their application such as the use of NMR (Nuclear Magnetic Resonance) spectroscopy for research in materials and Biologically Important Molecules.*

*Moreover, we would like to inform you that, for students registering to the CERIC session, the accommodation for the 1<sup>st</sup> night (Sunday 03 March to Monday 04 March) will be covered by CERIC-ERIC.*

*PLACES ARE LIMITED.*

*This session is organized in the framework of the Horizon 2020 project ACCELERATE, as part of CERIC-ERIC's outreach to new communities in target regions.*
